Doing with "retired spare time"? -
1. Sleeping later 2. Doing tasks I've always said I would do after retiring. Do I have them done? - No. 3. Being lazy

Married - James
4 children, 2 grandchildren, 8 yrs.& 6 yrs. old

"After 32 years of working full time, was able to retire in 1995. Jim is semi-retired, works as he wants during summer months. We now have time to enjoy our grandchildren! We also have been fortunate to spend January - March, for last 3 years, in Florida. Do I encourage early retirement? If at all possible, yes! But plan on having a hobby or something to keep you busy. If early retirement is not possible, make time to see or write to your close friends and family. The housework or lawn work will wait. So what if your house or lawn is not up to 'snuff' when friends visit. *True* friends won't care."

"Dear Classmates, I just want to tell you how much fun we have had getting this reunion together. We all owe Joan Cowles a lot for all her efforts to find all of us.

Bob retired two years ago. He got a part-time job driving for EMTA. He loves it. I'm still working, but not for many more years. We really love having our grandkids around us. It gets pretty hectic around here, but we enjoy it all. One son and his family and one other grandson have moved to Nags Head so we get down there as often as possible. "My wife and I retired in 1996 and 1997 after 33 and 34 years of teaching at Portville Central School. We are up-grading our home to get ready to sell. Hopefully, within two years we'll be moving into the Sunbelt - either western N.Carolina, eastern Tennessee or coastal South Carolina for the winter months and migrating back north to Rainbow Lake Resort near Ellicottville NY (home of Holiday Valley Ski Resort) where we recently purchased a trailer for the summer months.
Rainbow Lake Resort has 175 acres lake stocked with bluegills + large and smallmouth bass. For recreation they have trails, canoes, rowboats, paddle boats and kayaks, outdoor and indoor pools, plus much more. We extend an open invitation for any of you to visit us. The Resort is open from May 15th to October 15th. Stop by and share a cold beer, and we can sit around the camp fire and reminisce about the 'good ole days'.
If we are all fortunate and stay healthy, we'll see you all at our 50th reunion!"

"Hello, everyone! We will be in the south of France at reunion time. We rent a little house there in the summer. I'm really sorry to miss it! My daughter, Kristen and her boys are living with us at present; her life is undergoing a change. Our grandsons are our pride and joy! Karen, our younger daughter, is with a huge law firm in NY and living there, so after years of having my crew spread out, they're all near now.
My folks died in 1993 and 1994, so we never get farther north than Williamsport. I'll be teaching (Glen Rock HS) for a few more years as I stayed home with the girls until they went off to college. I love my job - it's the best in NJ, I'm sure! Herbie has more control over his time than I, but we get away often during school breaks.
Have a wonderful 40th! How about the 50th in Hawaii?!?!"

"On reunion weekend, we will be guests for the Men's Senior U.S.Open Golf Championship in Los Angeles. The best part of it is that I'll get to play a couple rounds on the course after the tournament is over!
You asked for suggestions for the big 50th;

(Tom Moran, continued)

would there be interest in a reasonably priced cruise for a few days? Whatever it is, we'll look forward to seeing everyone at the 50th!
This is our second year living in Las Vegas, and we really enjoy the Southwest. There are so many outstanding places to visit in Nevada, Arizona, California, and Utah within a short driving distance. Plus, the weather is fantastic and Las Vegas is fun.
Say "Hi" to everyone for me and tell them if they ever get to Las Vegas to give us a call. ***Go tigers !!!*** And have a good time!"

Mansfield
Senior
High
School

Mansfield, Pennsylvania

We wish to dedicate this 1958 Manscript to Franklin W. Bixby.

From the time he took the oath of office as a school director, he served without interruption on the school board until his death, October 16, 1957. Mr. Bixby served in nearly every office on the school board and had been Secretary of the Mansfield Borough School Board since November 14, 1938. Mr. Bixby was active in all phases of the building of the present school. He also aided in the planning of the new addition which is about to be erected, as well as the expansion of facilities made possible by the purchase of Smythe Park.

It is in recognition of these services that we humbly dedicate this, our yearbook, to his memory.

To the graduating class of 1958

These are confusing days with Sputniks, Mutniks, and demands for more scientists and mathematicians. Just what can one believe?

The first essential is to believe in yourself, to have confidence in your ability to do things, to be a real person, and to serve your fellow man. You will face disappointments at times, but you must believe in your own capabilities.

Secondly, you should believe in our system of democracy: We must never lose sight of our confidence in our fellow men. The dignity of the individual and the will of the majority are underlying planks in the structure of our confidence in our fellow beings.

The last, and probably the most important of all, is our belief in a supreme being. Faith in the innate goodness of God, hope for a better life unending, and charity for those who do not look, think, or act like us all tend to develop us into a person whom one would be willing and happy to live for the rest of eternity.

May each of you develop into such a person.

Sincerely,

Warren

"The Robe"

The Seniors' reproduction of "The Robe" on October 23, 1957, will be one of the most memorable plays presented during the past school years.

"The Robe" by Lloyd C. Douglas portrays the death of Jesus and the effect of His robe on individuals.

> Now the coat was without seam, woven from the top throughout. They said therefore to one another, "Let us not read it; but let us cast lots for it, whose it shall be"; that the scripture might be fulfilled which saith,
>
> "They divided My garments among them, And upon My vesture did they cast lots."
>
> St. John 19:23, 24

The cast boasted of 27 members. The costumes were made by the cast themselves with the help of Mrs. Brace. The stage properties were made by the play staff. "The Robe" was produced with the help of all members of the Senior Class. Much praise and gratefulness go to Mr. Besanceney and Miss Gleckler for their job as directors.

Senior Prom

Many of the Seniors and alumni had a vacation abroad when they came to the annual Senior prom, "Holiday in Hong Kong." A ceiling of flame red and yellow crepe paper streamers lighted with authentic Chinese lanterns was the basis of the Oriental theme. Two bright green dragons glared down from the stage curtains.

Daisy Van Dyke, escorted by Bill Kenyon, was crowned queen of the prom. The crowning ceremony was performed by Tom Moran, vice president of the Senior class. The members of the queen's court were Jo Ann Schanbacher, Janice Sweely, Sandra Young, Janice Rogers, Nancy Jo Hitchcock, Charlotte Rieppel, Sharon Carlson, and Linda Cady.

The music for the occasion was provided by Gerry Kehler and his orchestra from Williamsport.

The Senior prom was well attended by many alumni and students from other schools as well as many members of our own student body. All agreed that the prom was a great success.

Future Farmers of America

The Future Farmers of America is a national organization of farm boys who are studying vocational agriculture.

Founded in Virginia in 1928, the organization has grown rapidly until today there are almost 400,000 members in every one of the 48 states, as well as Puerto Rico and Hawaii. It is the largest organization of farm boys in the world.

The Mansfield Chapter is one of the oldest and most active of the more than three hundred F.F.A. Chapters in Pennsylvania. Since the Mansfield Chapter was chartered in 1932, there have been a large number of boys who received training in farming and rural leadership and are taking their place among the progressive farmers in the community.

Future Homemakers of America

RONNIE TRIBE
State Homemaker Degree

Future Homemakers of America is an important part of the Homemaking program. It's eight purposes keynote the beliefs on which the organization is founded.

All members have an opportunity to participate in Chapter activities, to hold office, and to earn degrees of achievement.

Two girls represented the Mansfield Chapter of the State F.H.A. Conference held at Pennsylvania State University. Other Chapter members are representatives at the County meetings and Regional meetings.

During this year, the F.H.A. Chapter built a float for the Halloween Parade, themed, Sew and Save. The Chapter gave a substantial donation to the Salvation Army. Another activity included the preparation of a demonstration meeting for their student advisors of M.S.T.C.

Ronnie Tribe, local Chapter President, earned and was awarded her State Homemaker Degree at the Farm Show.

Through the activities of Future Homemakers, we believe girls will develop creative and constructive leadership.

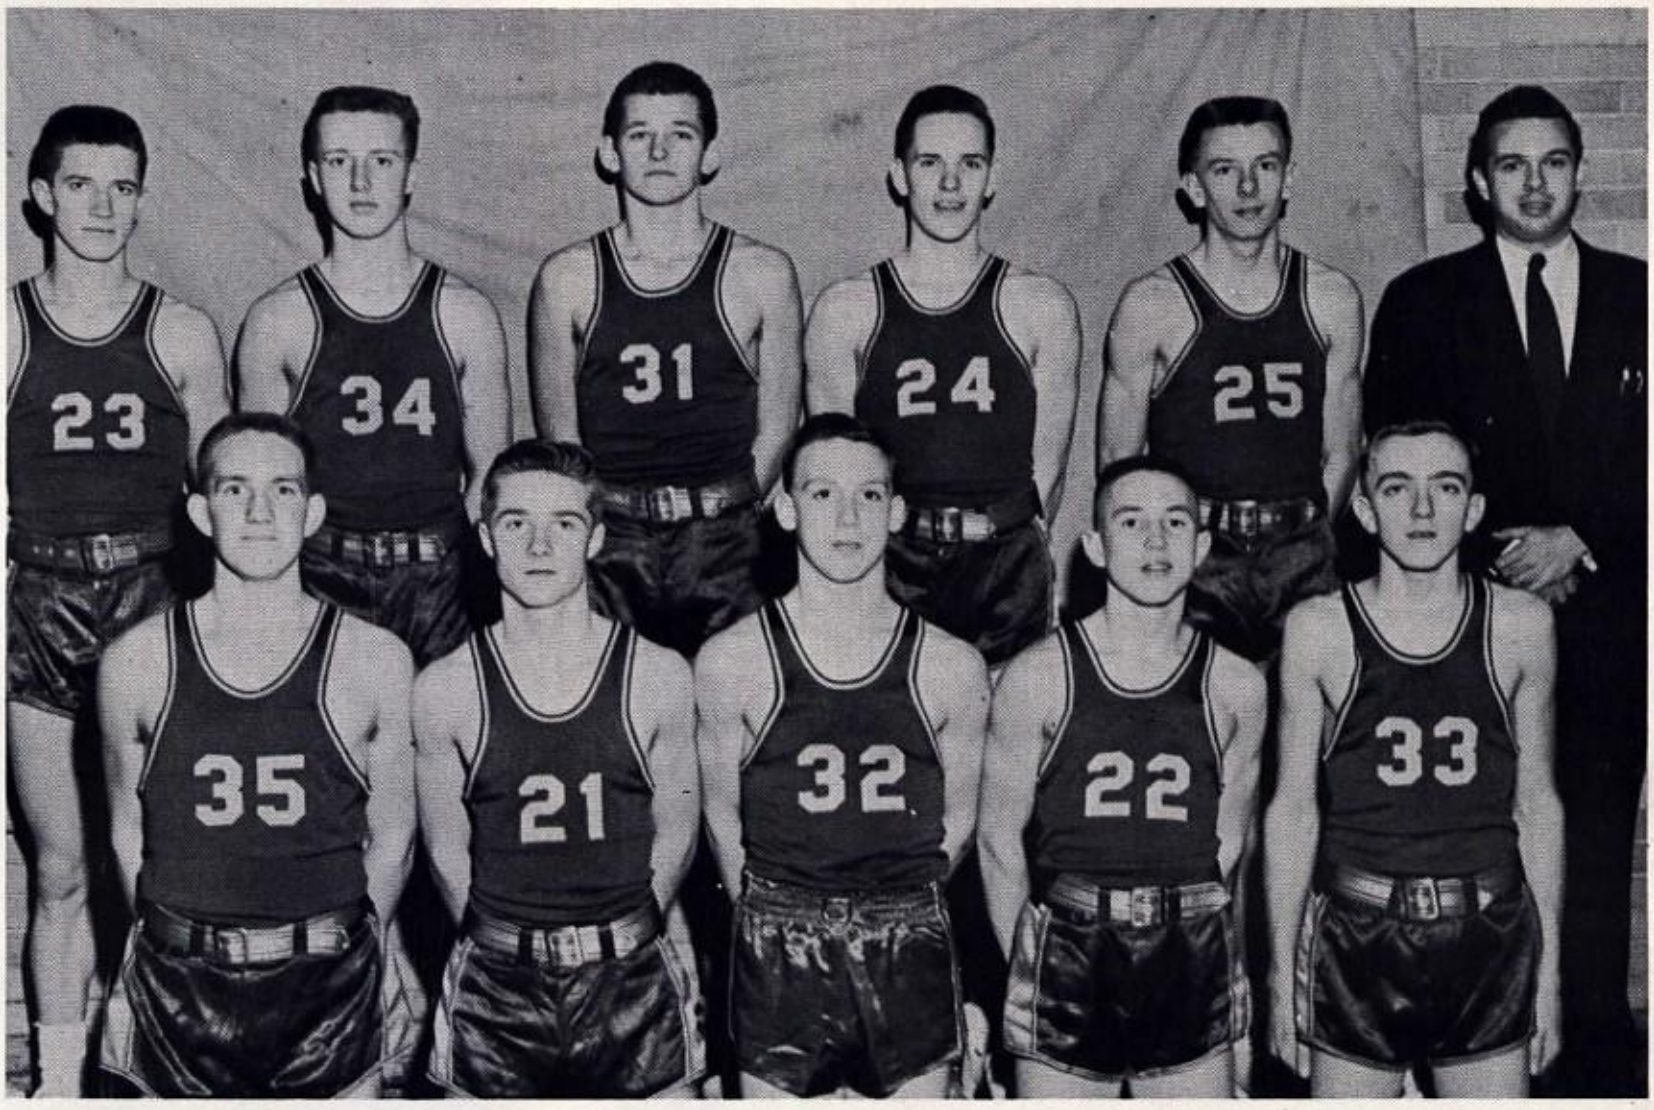
Junior Varsity



The 1957-58 basketball season again proved to be a profitable one for the "Tiger Cubs." Playing in their second season under Coach Edgerton, The "Cubs" saw their coach's unbeaten league record come to an end after nineteen games. This loss was suffered in the fourth league game of the season at the hands of a champion Wellsboro Club. However, the "Tiger Cubs" reversed the situation when Wellsboro came to Mansfield with an unbeaten record and went home with a big number one in the loss column.

The Wellsboro win at home, plus the whallopping of a formidable non-league Troy team, 51-13, and a thrilling 31-30 overtime victory at Galeton, were highlights of a very successful season by the "Tiger Cubs."

The "Tiger Cubs" record for the season was as follows:

25	Galeton	21	51	Troy	13

1957 SOCCER

The 1957 M. S. H. S. Soccer team did not place as high in the league as many people expected it would. Although the record doesn't tell the whole story behind the Tigers. In many games this year the scoring could have gone either way. In this respect, and because the team worked hard, we, the members of the yearbook staff, feel the School should be proud of its team.

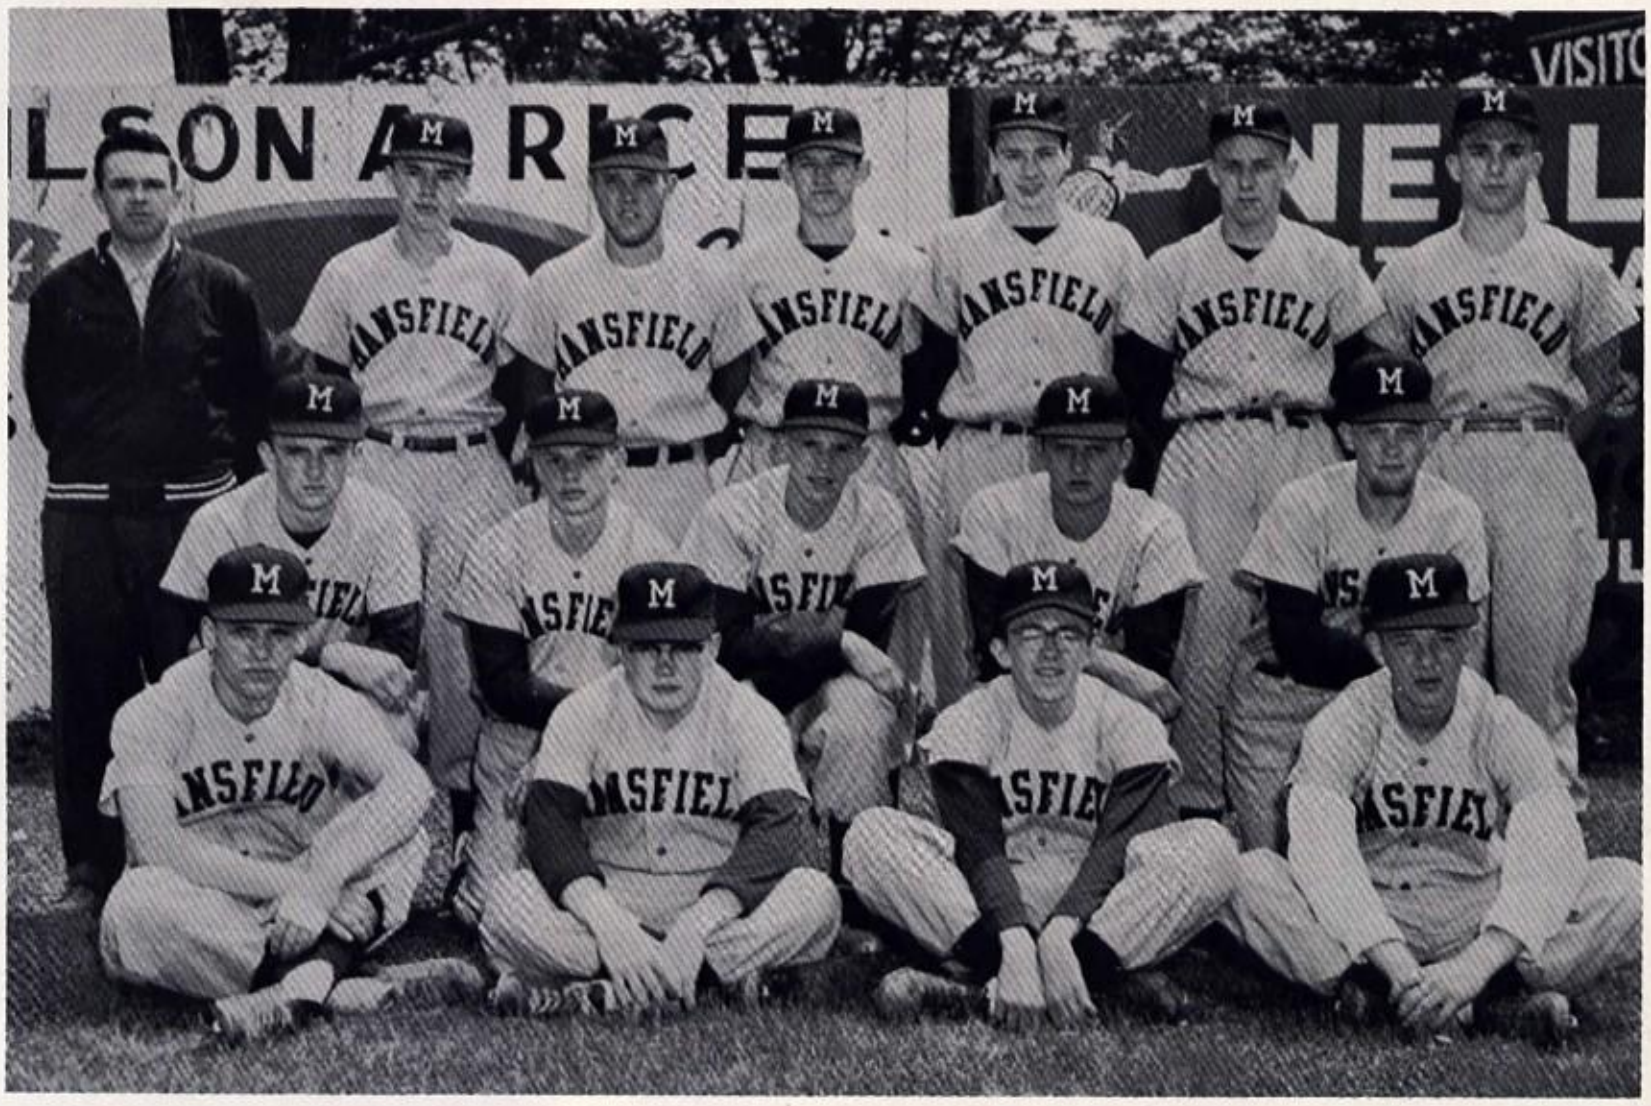
Baseball



The 1957 baseball team produced the first winning season since the sport was reinaugurated by the high school. The team's league record of four wins and two losses was rewarded by a third place finish in the fast Tioga County Baseball League. Without a total of only two bad innings the two losses could have turned into "Tiger" victories and a possible league championship. The first of the losses occurred in a heart breaking 1-0 opening game with a highly favored, veteran Elkland club. It was the one bad inning in this game when Elkland scored their lone run that cost the "Tigers" the game. The second league loss was suffered at the hands of the Champion Cowanesque Team by the score of 5-2. The second bad inning of the year by the "Tigers" came in the first inning of this game when the "C. V. 's" scored all five of their runs. After the bad inning, the "Tigers" shut out the "C. V. 's" 2-0 for the final six innings, but the damage had already been done as the "C. V. 's" had clinched the league title in the first inning. With all but two of last year's players back for another crack at the league title, the outlook for the "Tigers" on the diamond is very hopeful this year.
